Lori Jordan, Director of Operations
Coram is a national provider of home infusion services and specialty pharmacy distribution with more than 80 branch locations across the country, including over 50 infusion suites. Coram's nurses, pharmacists, dietitians and other clinical staff are known in the industry for providing a superior level of personalized care to thousands of home and infusion suite IV patients every day, including those with complex therapy needs. Coram knows that infusion care provided in the home, or in an alternate site infusion suite, can help promote better health and an improved quality of life. In addition to the benefits of receiving treatment in familiar surroundings, home and infusion suite IV care also has economic advantages. Treatment is often less expensive and provides better outcomes, and that is good for everyone. As a leader within the specialty and home infusion industry, Coram takes a progressive approach to providing better care, better monitoring and better outcomes for complex and long-term infusion customers. Coram also provides expertise in specialty pharmacy distribution, training and management, and leverages its national footprint to ensure that specialty pharmaceuticals are provided safely and effectively. To be connected with the Coram branch location nearest you, call the CASEDirect line at 800.423.1411.
